

One Day International Seminar on

"The Importance of Soft Skills in Modern Education"

Date: 21st of May 2025, Venue: Chakdaha College, Chakdaha, Nadia

Concept Note

In the rapidly changing landscape of the 21st century, education is no longer limited to the acquisition of theoretical knowledge alone. Employers, educators, and policymakers increasingly recognize the critical role of soft skills — such as communication, teamwork, emotional intelligence, adaptability, and leadership — in fostering personal and professional success.

Modern education must thus focus not only on cognitive skills but also on nurturing holistic individuals who can navigate complex social and professional environments.

The seminar on "The Importance of Soft Skills in Modern Education" seeks to explore how soft skills contribute to academic excellence, career advancement, innovation, and social cohesion. It will also highlight strategies for effectively integrating soft skill development into curricula and teaching practices.

Through international perspectives, expert lectures, and academic interactions, this seminar aims to promote awareness, encourage research, and facilitate action towards a more skill-enriched educational framework for the future.

Objectives of the Seminar

- * To understand the critical role of soft skills in enhancing employability and career growth alongside academic knowledge.
- * To explore methods for integrating soft skills training into modern educational curricula at various levels (school, college, university).
- * To discuss global best practices in developing communication skills, leadership, emotional intelligence, problem-solving abilities, and teamwork among students.
- * To create awareness among educators, researchers, and students about the need for holistic education that balances hard and soft skills.
- * To encourage research and collaboration in the field of skill development and educational innovation.
- * To foster international dialogue about future directions in education for producing socially responsible, adaptable, and confident global citizens.

ORGANIZED BY DEPARTMENT OF EDUCATION, CHAKDAHA COLLEGE, CHAKDAHA, NADIA
